22nd March 2018

Dear Parent/Carer

As we approach the summer term our year 11 students come one step nearer to their final GCSE examinations. It is important that the Easter holidays are used productively to ensure that our students are prepared for their upcoming examinations.

Year 11 students should all have completed a revision timetable and be using this to plan their revision time effectively. There is also a wealth of revision material on Smoodle that students should be using to inform their revision for their GCSE subjects. In addition, there are a variety of other websites such as BBCBitesize to support students at home.

Along with this letter, you have also been given a timetable informing you of intervention sessions that staff will be running during the two week holiday. There is also a consent form for these sessions that will need to be signed by yourself and returned to main reception. It is vital that students attend these sessions so that they can prepare themselves for their examinations and receive expert support in planning their revision. **It is important that they arrive to sessions promptly as students arriving more than 15 minutes late may not be able to gain entry to the site.**

Yours sincerely

Mrs C Danaher
Achievement Leader
